

## Circus Arts (Secondary Performing Troupe)

**Event:** EXTRA.Ordinary Inclusive Concert

Circus Extravaganza is a circus arts performance that infuses various circus-related acts, ranging from the Chinese diablo, LED staff & poi, plate-spinning to balancing acts. It is a collaborative effort between Yumin Primary School & APSN Katong School, where students from both schools interact and work together to put up a spectacular display of coordinated circus arts. Through several combined rehearsals, the students work together as a team, establishing friendships and building rapport with one another, to put up this captivating performance.
