

From Volunteer to Staff

Starting off as a volunteer in Katong School, Mrs Lynette Ee shared a close bond with the students she was supporting. With the meaningful programmes in place for students, providing them a holistic experience, Mrs Ee made the decision to join us as a staff and she never looked back. As a teacher-aide, she continues working closely with students and finds joy in being able to bring a smile to their faces, especially when they succeed in their goals and dreams.
