Event: Play Inclusive 2019

Katong School participated in the Play Inclusive games on 24 August 2019. This is the second year where Play Inclusive is organised by Special Olympics Singapore and SportsCares, supported by Ministry of Education.

Play Inclusive is Singapore's biggest unified competition for athletes with intellectual disabilities and mainstream partners. It aims to promote social inclusion through shared sport and competition experiences. Katong School paired up with Anglican High to form 5-a-side Unified football team. Our athletes did well for the games, clinched 1st and 2nd position for the Under-15 male category, 1st position for under-15 mixed category, 2nd and 5th position for 16-and-above category.
