

The old

The new

## KS Suite – The new look : Living Readiness to Work Readiness

At the beginning of 2021, the Daily Living Skills (DLS) curriculum was launched at Katong School. At Katong School we prepare our students for *Work Readiness* through a Vocational Educational Program and with the DLS curriculum, they will have the opportunity to acquire functional skills needed to care for themselves to foster a greater level of *Living Readiness*. This is now possible with the remodelled KS Suite. Katong school, has created an environment for a whole-school approach from the primary to secondary levels, where students can learn vocation and daily living skills in this newly refurbished training room.

DLS: Cleans the bedrooms

Hospitality: Hotel Bedroom Linens

DLS: Irons / steams clothes

DLS: Maintains a first aid kit at home

DLS: Folds and organises clothes / linens for storage
