How to Add Free Response Question

What is a Free Respond Question?

Students are able to directly edit on the question template to insert their answers.

This question template is created by the teacher.

Template can be a form of images and texts.

Add Free Response Question using Teacher-Marked Quiz template

What is Teacher-Marked Quiz?

When using Teacher-Marked Quiz template, your students will submit their answers to you. You will receive their assignment, mark and release the quiz back to them together with their scores.

You can use images and text for Free Respond Question.

For images, your students can edit on the image to draw or type text to insert their answers.

For text, your students can edit on the text to type their answers.

In the next slide, I will show you how to create an assignment using image in the Free Respond Question.

Here, I am going to create an assignment using an image of a plant with helping words given. For this assignment, students are required to draw an arrow and name the parts of the plant in the image.
