

# CCA Robotics

## First Lego League Competition 2023

7 students from Katong School's Robotics Club participated in the First Lego League (FLL) Challenge Competition held at the Canadian International School on 31<sup>st</sup> March and 1<sup>st</sup> April 2023. Katong School was the only special education school present at the FLL Challenge.

APSN

**Students designed and constructed robots to solve missions independently as well as presented their projects to a panel of judges. Our students showed patience and resilience throughout the competition. They had a good learning experience and were motivated to improve themselves for the next FLL Challenge.**

**Our resilient Robotics CCA team (Katong Coder Blue) won the 'Rising All Star Award' at the recent First Lego League Challenge Competition.**

**Students in the team are Ryan from Sec 3/1, Hadi from Sec 3/4, Bernard from Sec 2/1 and Xavier from Sec 2/3**

**Both Robotics CCA teams (Katong Coder Red and Katong Coder Blue) also received a trophy and Certificates of Participation.**

**Teachers-in charge of CCA Robotics: Mr Hairul and Ms Farhanna**
